LONDON, Oct. 21.-Fierce attacks and counter attacks delivered almost continuously for a week or more by the allies and the Germans have resulted in no definite decision in the stupenduous battle now raging in west Flanders and northern

The other Titanic contest in the eastern war area in east Prussia, Poland and Galicia has been equally undecisive.

This is clearly evident from the reports issued officially at the varheadquarters which content themselves today with recounting the fact that violent attacks have been made. The French, however, claim that the allies have repulsed German offensive movements at several points in the west.

Have Repulsed the French. According to the French communication the Germans made attacks on the allied line at Nieuport,

Dixmude and La Bassee. The German general staff declares fighting continues on the Yser canal and that the Germans taking the offensive west of Lille have repulsed the French at several points.

Contravert Optimistic Accounts. The reports seem to contravert op timistic accounts appearing in English newspapers from correspondents who claim they were in west Flanders and who stated that the Germans had been driven back

Germans at Disadvantage, The Germans, however, are be lieved here to be fighting under a great disadvantage, especially along the coast, as the British ships which have been assisting the allies' land forces have long range guns capable of seriously menacing German troops and men in the trenches as well as the ammunition trains and supply convoys which must remain in the immediate rear of the troops.

While no official information i available as to the ships which are being used for this purpose it is probable that they are the three monitors which were being completed in England for the Brazilian government when the war broke ou and which were bought by the admiralty.

Throw Shells Four Miles. These monitors, which have been renamed Merzey, Humber and Seern, draw less than nine feet of water and could take up positions; not far from shore from which their 6-inch guns and 4.7-inch howitzers of which each vessel carries two, would be able to throw shells nearly four miles across country, the range being given them by airmen.

German Submarines Busy. War News Summarized

Both French and British pay tribute to the valor of the Beigians, who with the allies, are holding back the German advance along the North Sea coast. Incessant fighting has been in progress from the coast line as far south as La Bassee, a distance of about 50 miles but this line is divided into several fronts, on which separate engagements are being fought. It is this line the Germans are endeavoring to break in their attempt to reach Dunkirk and other French sea

Three British monitors, the Severn, Humber, and Mersey with six inch and other heavy guns are shelling the Germans in the vicinity of Ostend where, it is said, terrible execution has been done. Machine gun detachments also have been landed from these vessels and are assisting in the defense of Nieuport.

The British admiralty, which for a day or two withheld the news that the British fleet was participating in the coast operations, now takes occasion to compliment the monitors and the bluejackets for their excellent

There has been particular hard fighting in the Lille region where the British are in action. The important French town of Lille still is held by the Germans and then encounters in this neighborhood have been of a hand to hand character evidently with little advantage to either side.

At last real action for the relief of the Belgians on whom has fallen the great burden of suf fering from the war. An American commission headed by Herbert C. Belgians Show Marvelous Fighting Spirit Despite Long Campaign and Loss of Many Cities

LITTLE CHANGE ALONG CENTER

FROM BATTLE FRONT, via Pars, Oct. 21.-The Belgian army today delivered a counter-attack that forced the invading Germans back five miles. Today, like yesterday, the German artillery poured a terrific bombardment into the allies' In spite of this the Allies successfully repelled the repeated German assaults.

In the terrific open struggle which has been in progess along the frontier for several days the Belgian army, with its left resting on the English channel is showing a marvelous fighting spirit despite its long, hard campaign and grief over the loss of Antwerp and other cities.

French Hold Bridge. Further down the line on the Lys, the French were closely engaged with general successes. Three French sharpshooters performed a brilliant feat in defending a bridge, the possession of which was of the greatest stategic importance to both armies. The Germans made a cavalry dash in an effort to seize the passage but the Frenchmen, behind a mill seventy five yards away poured their magazint fire into the Ger mans unt'l the latter retired, leaving the bridge in the hands of the

Cambridge, Mass., Oct. 21 .- Profssor Hugo Munsterberg has withdrawn his resignation from the chair of psychology at Harvard university "at the request of the authorities" according to an announcement made tonight.

The resignation was submitted af ter Professor Munstenberg learned that the university had received a communication from Major Wiener of London threatening to withhold a legacy of ten million dollars to Harvard unless the professor

dismissed. According to information given out in Major Wiener's communication-it said that he had already provided in his will for such a legacy and had added a cancelling claus to take effect if his wishes regarding Professor Munsterberg were dis regarded. His objection to the head of the university's psychological department was based on the latter's pro-German utterances since the opening of the European war.

The announcement of the withdrawal of the resignation appeared in the columns of the Harvard Alumni bulletin, a publication of which President Lowell's secretary is edit Officials of the university declined to comment on the matter and it was understood that the bulannouncement would be the only thing approaching an official

PRIOR to 1880 there was no organization, no regulation of hours or shop conditions in the cigar industry.

Chaos reigned. Health was bad. Pay was poor. Hours were long and employment unsteady. In addition, the influence of labor in securing remedial legislation was lacking, owing to lack of organization.

The birth and growth of the American labor movement brought with it, through its economic strength and its legislative influence the remedial legislation, both in the union and governmental bodies, which has shown

The following is taken from a report made by International President Perkins to the membership of the C. M. I. U. of A. It is a compilation of statistics gathered from the locals of the organization in the United States, Canada and Porto Rico. The figures are eminently correct and reliable. They indicate results obtained in the standard of health in the cigar industry through organization.

"In 1911, the total number of deaths was 622, of which number tuberculosis claimed 136, or 20 1-10 per cent."

An invitation was also received from the Jacksonville Business college to attend the commencement exercises there last night, but this had to be declined on account of the large amount o business to be transacted.

> Consideration and adoption of the report of the committee on revision of by-laws took up most of the afternoon session. This committee was composed of J. A. Moss of this city W. A. Lingard of Chambersburg and J. S. Felmley of Griggsville. Reports from various orders of the state were also given and showed increased membership and increased interest in the work of the organization.

> At the evening session W. W. Smith of No. 165, Griggsville; A. C. Reid of No. 168, Jacksonville, and J. S. Derry of No. 187, Springfield, delegates to the national convention recently held at El Reno, Okla. gave comprehensive reports of the work of the national body and also informed the delegates that the next national convention is to be held in Fayetteville, Ark. Mr. Cleary has served as secretary of the organization for a number of years and in all of that time has conducted the affairs of his office with credit. His selection as secrecary again yesterday speaks well of the high esteem in which he is held throughout the state by the members of the organization.

This afternoon will mark the close of the two days session of the convention. The first thing scheduled for this morning is a group picure of the delegates to be taken at eight o'clock. Through the courtey of the Chamber of Commerce and he Jacksonville Street Railway Co., street cars will be provided to take the delegates to the School for the Blind at 8:30 o'clock. At 9 o'clock a demonstration of the work done by the students at the institution will be given through the courtesy of the superintendent, H. C. Mont gomery, and following this the visi tors will be taken to the School for the Deaf. After the visit there street car ride will be taken past the acksonville State Hospital grounds n South Main street.

The convention will re-convene a the Odd Fellows hall immediately after the ride and in the afternoon the reports of several committees will be heard and the secret work of the order will be conferred.

The committee on arrangements for the convention is composed of John K. Long, Perry J. White and Stansfield Baldwin and their work is receiving much praise from the visitors and local members.

SMART FROCKS FOR FALL WEAR

The Guide Post to Economy and Correctness in Dress Bears the Following Inscription:

Buy Your Dress Goods at Harmon's and Use Pictorial Review Patterns

Pictorial Review Patterns—in their simplicity of construction—have done more to reduce the "high cost of being well dressed" than any other agency. The making of a dress, in many cases, costs more than the material, but by the aid of these patterns it is an easy matter for a novice—if she has the least aptitude for dress making—to fashion a garment embodying all the style lines accentuated in the original drawing of the designer. This has encouraged home dressmaking, which eliminates the expense of a paid dressmaker.

As the use of Pictorial Review Patterns leads to the proper construction of your dresses, Harmon's Dry Goods Store stands out as the best place in the "fifty mile zone" to buy the materials which enter into the dress. Our Dress Goods and Silk sections contain complete assortments of all the materials upon which fashion has placed her stamp of approval. It makes no difference what your requirements may be -from the simple house dress to an elaborate eve-

We've Been Talking to You for Several Months ABOUT MONEY.

Altho hundreds of Jacksonville people have taken advantage of our low rates, long time, easy payment plan of loaning MONEY, we know there are many more who could use a few extra dollars to good advantage but hesitate to call for some imaginary reason. You may think it a difficult matter to draw MONEY of us, that we ask you a lot of embarrassing questions, or go nosing around among your relatives or friends to find out all about you. We do nothing of the sort. We simply LOAN you the MONEY on your own name without asking any one to sign with you, and only ask a lien on your Furniture, Piano, Fixtures or other personal effects as an evidence of good faith on your part, you pay us back in small weekly or monthly payments and that's all there is to it. We have a long time lease no our office room and have it fitted up in a business like way. A call will convince you that we are reliable and we assure you pleasant and courteous treatment whether you use our MONEY or not.

your safeguard is S. S. S., the famous blood purifier. It is always lined up to attack diseased blood. And it always does the work. It does the work after disappointment, after alleged specialists, mercury, iodides, strychnine, arsenic and other destructive drugs that have reaped a harvest of mistakes and left a host of invalids guessing as to what is to come. S. S. S. is not such a drug as the cupidity or ignorance of man would be able to produce It is Nature's wonderful contribution to our necessities. It is wonderful because it can not be imitated; can not be made any other way than to assemble Nature's products and produce what a host of men know as S. S. S., the world's greatest medicine. There are people everywhere that had an old sore or ulcer that defied all the salves known. And yet S. S. S. taken into the blood just naturally put into that old sore healthy skin. Get a bottle of S. S. S. today of any druggest and be on the way ers. to perfect blood health. But beware of substitutes. For special advice consult the medical department, The Swift Specific Co., 55 Swift Bldg., Atlanta, Ga. It is free and has helped a multitude.

> May be Able to Settle Obligations Without Actual Shipment of Gold to England.

Washington, American bankers can meet their bligations in England without actual shipments of gold across the Atlantic will be discussed at a conference here Friday between Sir George Paish and Basil B. Blackett, representatives of the English treasury and the federal reserve board Secretary McAdoo and Representative Bankers from New York who are particularly concerned in foreign exchange conditions.

This will be the first important conference between the representatives of the English government and the English banks at which American bankers will appear. Announcement was made today of the meetmg but in the absence of acceptance from New York bankers no list of hose expected was made public.

It was understood here tonight that the main hope of the American officials is that they be able to find some method of postponing gold payments for several months until become evident that Sir George Paish and Mr. Blackett do not wish friends. to make an arbitrary demand for immediate cash payments and that they realize the difficulties which at present confront American bankers and the reserve board. In official circles it was the general view tonight that if the bankers invited can produce some plan by which the English creditors may receive short term paper there will be no immediate shipment on gold payments.

RIVAL FATHERS. RIVAL SONS. New Haven, Conn., Oct. 21 .- The this year are two sons of college nighest scholarship honors, just as heir fathers before them were rivals for one of the biggest honors in the college world. Morris Hadley, son of President Arthur T. Hadley of Yale, and George Vincent, son of President George E. > Philadelphia, Oct. 21.—That the United States Steel corporation i a law abiding institution, that its organization has had a beneficial ef fect on the business life of the country; that it has toned up and steadied the iron and steel industry of the country; that it has built up was not formed to create a monopoly or to supress competion, are some of the things counsel for the corporation today told the four judges who are hearing arguments in he federal district court on the government's suit to dissovle the

billion dollar concern

Raps Interlocking Directorates. Richard V. Lindabury of Newark, N. J., spoke for five hours in de fense of the corporation after Jacob M. Dickinson, chief counsel for the government in the present case had concluded his opening address which had consumed more than six Mr. Dickinson, who will close the argument for the govern ment in his concluding remarks to day, went into the question of interlocking directorates. He said that directors of the steel corporaion at various times were directors of rail road companies which controlled about half the mileage in the Unit ed States. He gave instances tak en from the records of the case where steel directors, sitting as railroad directors, had an apparent influence in steering business in the direction of the steel corporation.

Is a "Natural Development" (Mr. Lindabury in opening for the defense went into the history of the iron and steel industry exhaustively giving picture of the uncertain conditions in the business before the coming of the steel corporation. He contended that the formation of the corporation was a natural developement of conditions in the industry and that there was no thought of monopoly or of restraining trade when the big corporation was char tered in New Jersey in 1901. There was no thought in the mind of Andrew Carnegie, when he soli his interest in the Carnegie company to the new corporation that a monop oly was to be created, Mr. Linda burg said: "Mr. Carnegie's offer to sell his interest," counsel added "was not based upon a desire to enter a commission but on a desire to retire from business and devote his life and means to philanthropic

Mr. Lindaburg expects to conclude his argument tomorrow when he will be followed by Henry E Colton, special assistant to the attorney general who will speak on the acquisition by the steel corporation of the ore lands in the northwest

WAS UNITED IN MARRIAGE TO MISS LETHA LEE LONG.

Ceremony Took Place at the Home of the Bride's Parents in Nevada. -Newly-weds Arrived in Jacksonville Wednesday and Will Reside on South Main Street.

Ernest E. Grassly surprised his many friends by going to Nevada, Missouri where he was married on Tuesday morning at 8:30 o'clock to Miss Letha Lee Long, Rev. John Raule, pastor of the Presbyterian church, officiating.

The marriage took place at the home of the bride's parents, 220 South Spring street, and was witnessed only by immediate relatives, on account of illness in the family. The bride was becomingly gowned in a traveling suit of navy blue broadcloth. Following the ceremony a wedding dinner was served.

The bride is an accomplished young woman and while her home is in Nevada, Mo., she has spent a greater part of her life in Kansas City and Springfield. She is popular among her acquaintances and is possessed of an attractive person-

The groom is the son of Mrs. Elizabeth Grassly and was educated in Jacksonville. He is a young man of business integrity and for a number of years has been in the employe of the Phelps and Osborne store, being a buyer of silks and dress identified with the Knights of Pythias lodge, being a member of No. 152. He is also a member of Jacksonville lodge No. 570, A. F. and A. M.

Mr. and Mrs. Grassly had intended to take a wedding trip but their plans were changed and instead they returned to Jacksonville Wednesday, and will make their home at 1246 South Main street.
